

TIRE MOUNTING PASTE

TIGER

with a fresh citrus scent

■ Extended processing time

For maximum performance with XXL formats - remains workable for longer and is ideal for parallel assembly.

■ Adhesive foam with a strong lubricating effect

Well-adhering foam with a continuous lubricating film - for clean work without dripping and an even gliding effect on large tires.

■ High material compatibility

Neutral in effect: Does not attack rubber, steel and aluminum.

Article number	4403-0507-313
Color	Amber
Content	5 kg
Packaging	Bucket
Lubricity	Very high
Drying behavior	Slow drying / perfect flash-off time for large tires
Viscosity	Universal
Application	Moderate brush pick-up; easy to dose & apply
Yield	Economical to use
Application temperature	-15 to +50°C
Storage temperature	Frost-free >0°C
Environmental compatibility	Biodegradable; vegan Chemically neutral towards rubber, seal & aluminum.
Vehicle type	Truck, sprinter, bus, industrial, agricultural & construction machinery
Area of application	Large, industrial & agricultural tires

Not recommended for cars and motorcycles due to the longer flash-off time.
