

MOUNTING PASTE

White

■ **Very good lubricity**

Saves time and effort when mounting and dismounting tyres.

■ **High coverage**

The simple solution for all types of tyres – ideal for a variety of applications.

■ **Secure tyre fit**

Tyre movement is prevented by friction between the rim and the tyre.

Color	White
Contents Packaging	5 kg Bucket
Lubricity	● ● ● ● ●
Drying behavior	● ● ● ● ● (ideal for quick tyre mounting)
Application temperature	-15 to +50°C
Storage temperature	+5 bis +30°C
TPMS compatibility	TPMS compatible
Material compatibility	Chemically neutral toward rubber, steel, and aluminum
Environmental compatibility	Biodegradable; vegan
Vehicle type	Motorcycle, passenger car, sports car, electric car, van

	Soft	Universal	Hard
Viscosity			
Article number	3401-0503-101	4401-0505-114	3401-0507-101
Brush stroke	● ● ● ● ●	● ● ● ● ●	● ● ● ● ●
Application	Large areas	All-rounder	Precise application
Coverage	Approx. 350 tyres	Approx. 400 tyres	Approx. 450 tyres
Application temperature	Cold	Medium	Warm
