

TIRE MOUNTING FLUID

TIRE FLUID

■ Excellent lubricity

Saves time and effort and protects the rim—for effortless mounting and dismounting.

■ Dries without residue

Perfect finish without tedious polishing.

■ Easy to apply

Spray-on formula—ideal for hard-to-reach areas and tight rim beds.

Article number	3405-0505-003
Colour	Clear
Contents Packaging	5 L Canister
Lubricity	● ● ● ● ●
Yield	● ● ● ● ●
Drying behaviour	● ● ● ● ● (ideal for quick tyre mounting)
Drying results	Transparent, leaves no residue
Viscosity	Liquid
Application	Apply a thin layer using a spray bottle, brush, or sponge.
Application temperature	-15 to +50°C
Storage temperature	+5 to +30°C
TPMS compatibility	TPMS compatible
