

**NEW  
BRAND.  
NEW  
STANDARDS.**

**AUTOMOTIVE CHEMICALS FOR DAILY USE IN THE WORKSHOP.**

OVER 100 YEARS OF EXPERIENCE.  
ONE CLEAR MISSION.

Behind TRAX lies WEGMANN automotive, a company that has strategically expanded its expertise through the acquisition of a British specialist in tire chemistry. Our many years of practical experience and the know-how we have gained form the foundation for each of our products today. In our in-house laboratory, we develop customized solutions that are precisely tailored to the needs of modern workshops.

**The result:**

**Products that professionals can rely on.**

**TRAX STANDS FOR:**

- // QUALITY
- // PRACTICALITY
- // INNOVATION
- // RELIABILITY

**THREE AREAS.  
ONE PROMISE.**

For over 100 years, we have been synonymous with innovation in tire service. Our portfolio spans three areas – all united by a single promise: **uncompromising quality for true professionals.**

OUR CORE

**TIRE SERVICE CHEMICALS**

Mounting compounds and other chemical products for perfect results on your wheels – fast, clean, reliable

Page 5

**HANDCARE**

Professional cleansing and care for hands subjected to extreme wear and tear in the workshop

Page 11

COMING SOON

**AUTOMOTIVE CHEMICALS**

Tried-and-true quality for everything related to your vehicle – from brake cleaner to windshield de-icer

# THAT EVERYTHING RUNS SMOOTHLY WHEN CHANGING TIRES.

Safety and speed are our top priorities when changing tires. Our mounting compounds and tools are perfectly tailored to the demands of tire service to ensure smooth operations and maximum reliability.

## THE STRONGEST DUO FOR TRUCK WHEELS

TIGER MOUNTING PASTE & TRUCK BRUSH

> Find all product information on the next page

Schäfflein gave it a try. Watch the video now!

“

„The lubricant is well designed – perfect for trucks. Glides well, no lumps, doesn't dry too quickly – and even smells good.

Removal & fitting were really easy. I recommend it to every colleague out there.”

*Feras Alhourani, Mechanic at Schäfflein Truck Service*
