

MOUNTING PASTE

TIGER

with a fresh citrus scent

SPECIALLY
DEVELOPED FOR
LARGE TYRES

- Extended processing time**
 For maximum performance with XXL formats - remains workable for longer and is ideal for parallel assembly.
- Adhesive foam with a strong lubricating effect**
 Well-adhering foam with a continuous lubricating film - for clean work without dripping and an even gliding effect on large tires.
- High material compatibility**
 Neutral in effect: Does not attack rubber, steel and aluminum.

Article number	4403-0507-313
Color	Amber
Content Packaging	5 kg Bucket
Lubricity	● ● ● ● ●
Brush stroke	● ● ● ● ●
Yield	● ● ● ● ●
Drying behavior	● ● ● ● ● (especially for the time-consuming mounting of large tires)
Drying results	Decent
Viscosity	Soft
Application temperature	-15 to +50°C
Storage temperature	Frost-free >0°C
TPMS compatibility	TPMS compatible
Material compatibility	Chemically neutral towards rubber, seal & aluminum.
Environmental compatibility	Biodegradable; vegan
Vehicle type	Truck, sprinter, bus, industrial, agricultural & construction machinery
Area of application	Large, industrial & agricultural tyres

Not recommended for cars and motorcycles due to the longer flash-off time.
